AROUND THE TOWN

Mr. C. Hiebert is on a business
trip to Calgary.

Monday is Thanksgiving Day
and all stores will be closed.

Rev. and Mrs. Marshall left
Calgary on Tuesday morning.

Rev. Mr. Milton was a visitor
at Calgary for a few days this
week.

Miss Davies of Sarnia, Ont.,
is visiting with Mrs. Dr. A. J.
Weart.

Cecil Studer was up from Cal-
gary for a short visit to his
parents the first of the week.

"Bob," Haldane, formerly em-
ployed at W. A. Miner's barber
shop, has opened up for business
the old stand just west of the
Golden West hotel.

Several overdue subscription
notices were sent out from the
Pioneer office this week and we
are looking for a liberal response
from them. It only means one
dollar to you but a great many to
us.

A number of new books were
put in the public library last
week, including a complete set
of Edgar Allen Poe's works, also
a set of children's books, which
are likely to make interesting
reading.

An auto party consisting of
three ladies and a gentleman
started on a trip to Calgary on
Sunday last but unfortunately a
tire gave out when they had gone
about a quarter of the distance
and the trip had to be postponed.
However, we wish them better
luck next time.

Announcement of services at
the Adventist church are as fol-
lows: Wednesday evening,
prayer meeting; Friday and
Sunday evenings there will be
special Bible lectures; Sabbath,
Sabbath School at 2 o'clock,
preaching following. The even-
ing services will be at 7.30. A
cordial invitation is extended to
all.

Local Option Con- test Called Off

Edmonton, Oct. 22.—The local
option elections covering most of
Central Alberta, set down for
November 5th, have been called
off for this fall after conferences
with representatives of Temper-
ance and Moral Reform League
and the licensed victuallers.
When endeavoring to put the
machinery for taking the vote
into operation it was found the
act passed fifteen years ago was
unworkable and it would be im-
possible to get the printing of
proclamations, etc., as called for
in any office in the provin-
ce.

The act was designed more for
separate municipal votes and is
too unwieldy when applied to
who's license district. The pro-
visions of the act would make
the proclamation of immense size
and other operations in connec-
tion with election unwieldy. It
is expected that the act will be
amended next session and a vote
will be taken in the spring. It
has been agreed that the work
already done by the temperance
people in getting out lists, etc.,
will stand in the future vote.—

Unfortunately the Local Option campaign is postponed until next spring or some time next year. It would have been much better for both parties and the district as well if this big question could have been settled now when so much work has been done and when the district is in a turmoil over it instead of going over the same thing again next year. The excuse of the government that the proclamation or whatever it may be is too big to print in time for the election seems peculiar in so far that they have known for a year that this election was almost sure to come off this fall and had not made better preparations for it, or else discovered before the last minute the unwieldiness of the aged temperance laws on the statutes.

Fall Treatment of Cut Worms

As cutworms have done serious damage in many parts of Alberta, particularly throughout the southern portion of the province, during the past season, it is important that preventive measures be now adopted, as far as is possible, so as to lessen the outbreak of these insects in 1912.

The moths which develop from cutworms appear about two weeks after the injury ceases, that is, in most years during July or early August. On encouraging they soon lay the eggs from which the cutworms come. Some kinds of cutworm eggs hatch in late summer, others do not hatch until spring. These clusters of eggs are laid on weeds or other succulent vegetation which may be near by or upon the remnants of crops. In order, therefore, to destroy as many as possible of these unhatched eggs or the young hibernating cut worms it is necessary to plow deeply all fields where these insects have been troublesome this year. Such plowing not only destroys many of the eggs and the young cut worms but also numbers of other insects which hibernates beneath fallen plants, refuse, etc. In gardens all remnants of crops or other refuse should be carefully gathered up and destroyed by burning. Fall plowing should always be practised where circumstances will permit. On account of the copious rains which have recently fallen throughout southern Alberta, fall plowing, this autumn especially, is rendered positive and I would therefore strongly urge all farmers to plow as much of their land as is possible before the approach of winter. By such plowing the eggs of cutworms are buried and thus destroyed, or the earthen cells containing young caterpillars are disturbed and broken and the cutworms exposed to severe weather which is fatal to them. Not only will fall plowing destroy large numbers of these insects, but the land of course will be put into much better condition for early spring sowing.

On the first appearance of cutworms in the spring a free use of poisoned bran will avert much damage. Half a pound of Paris green is sufficient to poison fifty pounds of bran. The latter should first be moistened slightly with sweetened water and the Paris green then dusted in gently and the bran stirred so that practically every particle will be poisoned. For field use this mixture can be spread by means of a wheel seeder, and should be put out in early evening, as under normal conditions cutworms only feed at night. In gardens the mixture may be spread by hand near the plants to be protected.

Rev. J. E. Howson spent several days visiting old friends and taking in the convention.

Miss Frances Robinson spent the week end at Mr. Morphy's.

Miss Angie Swingle left on Wednesday for Grant's Pass, Ore., where she will stay with her sister, Mrs. Ralph Honey.

Mr. Frank Golds came Wednesday from Lons, Eng., to stay with his brother George. Mr. Golds is making his home at Mr. Meeker's while waiting for his brother, who is working at St. Albans.

Mr. K. Sanford was a Saturday caller at Lindsay.

Miss Beatrice Kemly returned from out west, where she has been staying for the past two months.

Rev. R. Simons attended the Sunday School convention on Tuesday.

The Melvin school teacher has been having great luck shooting. She bagged three prairie chickens while on her way to school one morning.

Miss Jackson, from Scarborough, Eng., came last Thursday and is at her brother Frank's place.

Miss F. Shantz visited her friend, Miss Blanche Single, for a few days.

Rev. Simons went to Calgary Monday.

Crop Census

Ottawa, Oct. 31.—A bulletin of the Census and Statistics office issued today deals with the field crops of the present year compared with the figures of the year 1900.

The census areas of field crops enumerated in the month of June have been compiled for all the provinces excepting Quebec and British Columbia, and the statistics of principal crops are in this report together with estimates of production computed from the reports of a large staff of correspondents at the end of September. The area figures for Saskatchewan are lacking for two districts and those of Nova Scotia for one district, but the totals of the Dominion will be ready for the November monthly, and a comparison of areas for the census years 1901 and 1911 will then be made.

For the years 1909, 1910 and 1911 the comparative quality of crops at the end of September was fairly uniform for wheat, oats, barley and rye; but peas, beans, buckwheat, mixed grains and flax are lower this year by 8 to 12 per cent. Fodder crops, including roots and corn, are unchanged for the three years. The condition of potatoes, which is 76.78, is the same as last year, but 13.6 less than two years ago.

The comparative condition of fodder and root crops for the Dominion at the end of September ranges from 82 to 87 per cent., of alfalfa 79.55 per cent., and of potatoes 76.78 per cent., and is generally lower in Ontario than elsewhere. The Maritime provinces and of the Northwest provinces give 90 per cent. and over for potatoes and nearly as good for other field crops.

The census enumeration of field crops taken in June shows for the Northwest provinces together with Ontario and the Maritime provinces an area of 9,990,021 acres of wheat, 7,661,862 acres of oats, 1,291,287 acres of barley, 133,053 acres of rye, and 1,006,615 acres of flax—to which will be added the areas for two districts in Saskatchewan. For the harvest year of 1900 the corresponding figures of the census of 1901 were 4,068,328 acres of wheat, 1,981,370 acres of oats, 765,273 acres of barley, 156,352 acres of rye, and 21,202 acres of flax.

The increase in the production of the principal grains in the decade, computed for the present year on the estimates of correspondents, is shown to be: in round numbers 148,035,000 bushels of wheat, 187,049,000 bushels of oats, 21,211,000 bushels of barley, 664,000 bushels of rye, and 12,360,000 bushels of flax. These figures are exclusive of returns for two districts in Saskatchewan.

Batchelor Brotherhood Dance

The Batchelors' Brotherhood, near the west little Roselund, held their annual dance at the Batchelors' hall at Mr. W. F. Simons Friday evening. The Batchelors' committee left nothing undone to make this occasion a success, and the fairest maidens and ladies of the neighborhood are to be extended thanks by the committee for their midnight lunch they served, and all those that were present enjoyed the hour till early the morning. The committee is composed of Messrs. Harry Colinge, Edw. Herliert, Knut Rodney; general manager, George Andersson.

Pacific Highway

An important step toward the improvement of existing roads in Western Canada will be taken on November 3 and 4, when meetings of all interested in this movement will be held in New Westminster, B. C. The meetings are called by Mayor John A. Lee, and will be attended by a large number of the members of the West coast Automobile Club, the Vancouver Auto Club, the Victoria Auto Club, the Seattle Automobile Club and other automobile associations.

The Pacific Highway Association will be represented at the meetings by a strong delegation, including prominent San Francisco, Portland, Tacoma, Seattle, Bellingham and Spokane men. These men will come prepared to urge the extension of the Pacific Highway, which now stretches from Vancouver, B. C., to La Jolla, Mexico, a distance of 2,000 miles. The scheme favored by the highway enthusiasts is the building of the Pacific highway through British Columbia via Hazelton and on to the Yukon.

The extension of the Canadian highway with the object of eventually making it a good road from the Atlantic to the Pacific will also command much of the attention of the meeting. Resolutions asking the federal government to assist in this scheme will be introduced during the convention.

Other matters to be discussed include the placing of signs and guide posts along all travelled roads, the standardizing of legislation regarding the speed of automobiles and the "rule of the road," and the planning of a campaign in favor of better roads.

Announcement

I wish to announce to the public that I am again in the market to handle hay and grain. Thanking you for past patronage and trusting to honest dealing to retain the same, I remain, yours respectfully, W. Hardy, dealer in hay and grain.

Timely Announcements

WOOLS AND YARNS

Of every description. If there is anything in wool or yarn that we haven't got, tell us and we will get it. Here is what we have.

Shetland Floss, Single and Double Berlin Wool, Sypher Wool, Saxony and Bee Hive yarn, Andalusian wool, Scotch Fingering yarn, Canadian yarns. All above mentioned we have in most every shade.

Quilting Season

Most every housewife is busy this time of the year making an extra quilt or re-covering an old one. We wish to draw your attention to our "Ramsdown," a pure white wool. A roll that would make a quilt 72 inches by 84 inches sells at \$2.75. Cotton Batton, one half and one lb. rolls, 25c per lb. coverings. We have Art Satens, 20 different des gns, 30 inches wide, 20c and 25c per yard. Chintz, the old reliable quilt covering, 39 inches wide, will wash like a baby's face, per yard, 15c.

SHEET WADING For Baby Carriage Roles and Quilts—just fine for that. Washing will not hurt it. 5c per square yard. "When Quality Counts, We get the Trade."

Ladies' Heavy Winter Coats

To make a clean-up at one half price. We have in all about eight Heavy Winter Coats that we carried over from last season. Unless you were told that they were last year's styles you wouldn't notice it. They are all seven-eighths lengths. Semi fitting, same as what is shown this season. The materials are also about the same as what are shown in our new range. Sizes 36, 38, 40 and 42 in the lot. Regular prices were \$14, \$18, \$20 and \$25. To clear out at just half price.

Ladies' Skirts

To Clear at much less than Wholesale Prices. We were fortunate some time ago in picking up a bunch of Sample Skirts in different materials such as fancy Tweeds, Panamas, Voiles Vaneton Cloth and Mellow Cloth. Skirts that would retail at from \$3.75 up as high as \$7.00. Remember that they are Travelers' Samples. That means not too alike. Almost every size in the lot. To clear at \$2.50 and \$3.50. You should not miss this chance.

"Home Again"

The Beautiful Picture for "Family Herald and Weekly Star" Subscribers This Season. An Inspiration of Love and Affection—A Picture that will be Like a Member of the Family—A Daily Story for Old and Young

The Family Herald and Weekly Star of Montreal, acknowledged to be the greatest and best family and farm paper on the continent, has on many occasions given its readers most delightful premium pictures, but this season they have secured what is beyond any question of a doubt the best picture ever offered newspaper readers. It is entitled "Home Again" and describes a touching but joyful incident between two friends who meet after anxious separation.

"Laddie," a collie dog, famous for his beauty and gentleness, winner of many prizes at dog shows, the pride of the family and neighborhood, has been stolen, and after many days absence he escapes one night from his captor and returns home on a snowy winter's morning with the rope which he broke in his struggles for freedom dangling from his collar.

His familiar bark brings his little mistress, Marjorie, to the door and she throws her arms around her trusty playmate's neck with cries of joy which bring her mother and brother to the door. "Laddie" is equally delighted to be "Home Again" and answers her welcome by putting his paws on her shoulder and resting his head against her breast with a little whim, which, in his dog language means—"Where I Love is Home."

The sweet faced young mother, a woman of soft curves, tender eyes and parted lips—the two glad eyed children—an eager boy with hair like his mother's and the quick gesture of excited joy, the warm hearted girl with rippling locks, her affectionate arms around the shaggy neck of the beautiful collie, all go to form a picture that will win a favoured place on the walls of any home.

The picture is by the celebrated artist, Arthur J. Eiley, famous for his skillful and sympathetic painting of children and animals.

The beautiful picture "Home Again" on heavy plate paper 22x30 inches all ready for framing will be mailed FREE to every "Family Herald and Weekly Star" subscriber for 1912.

The small sum of one dollar will secure that best of all weekly papers for a full year including a copy of the charming picture "Home Again" which alone is easily worth a two dollar bill, in fact it could not be bought for that price.

EVERY HOME IN CANADA SHOULD GET THE BIG DOLLAR'S WORTH THIS SEASON

Temperance Meeting a Huge Success

(Communicated by President W. C. T. U.) Monday, October 23rd, was a red letter day in the short history of the local W. C. T. U.

Mrs. McDonald, United States W. C. T. U. organizer, who in the interest of temperance is touring this territory now under way for a local option campaign, in the afternoon, in a practical way addressed the ladies of Didsbury. Much information as well as many helpful and instructive suggestions for future use were given.

In the evening the gifted speaker, endowed with a wide practical experience, was greeted by a full house. Much interest and enthusiasm was manifested for the speaker and for an hour and a half, while portraying the hideous effects of the liquor traffic upon the home, labor, country, jails, almshouses and asylums, she held her audience spellbound.

Very able graduates of the church and educational institutions were upheld to compare with the graduates of the barroom course who need the whole sidewalk and wider. The former invite parents and friends to participate in the joy of graduation and commencement day, but the latter never.

Barrooms do attract trade to the town but it is the trade of the heavy drinker, the gambler and the scarlet woman of the street.

When officers start out in search of the criminal it is always to the bar and never to the church. The bar room makes trade for policemen, sheriffs and courts. Ninety to ninety-six per cent. of all crimes in the United States are traced to the bar room source. If compelled to live with tigers and pigs, by all means have them blind. It matters not what we think on some subjects, but it matters tremendously what one thinks into the ballot box. Clear your skirts of the terrible results of a licensed liquor traffic.

Business Change

A business change of some importance was made this week when D. S. Shants & Co. bought out the hardware business formerly conducted by C. Hiebert & Co. They purpose doing a strictly cash business and naturally will give their customers the benefits to be derived from a business conducted on this basis. No doubt this firm will do well as they are well known in this district.

Local Option Vote in Ontario

Toronto, Oct. 20—Eighty-three municipalities, that is to say, four cities, thirteen towns, twenty villages and forty-six townships have so far made their arrangements for a local option campaign next January. The cities are Belleville, Chatham, Fort William and Port Arthur, and the towns, Aylmer, Berlin, Hienheim, Blind River, Forest, Goderich, Gravenhurst, Listowel, Mitchell, Petrolia, Ridgeway, Simcoe and Uxbridge.

The number of licenses affected totals 278, of which 71 are in the four cities, 65 in the thirteen towns, 40 in the twenty villages and 102 in the forty-six townships.

Schubert Symphony Club

The Ladies Aid of the Presbyterian church have made an engagement with the celebrated Schubert Symphony Club and Lady Quartette Company of Chicago, and they will give one of their delightful entertainments on November 11th in the opera house. This company gives a program of the greatest variety, consisting of lady quartettes, mandolin and guitar club, string, violin and vocal solos, amusing readings. In the Schuberts we will get a musical entertainment that is enjoyable from the first to the last—not a long, dull, classical affair, but a bright, interesting program of music's choicest gems.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by dealers everywhere.

Business Interest For Sale

THE TRADERS' BANK OF CANADA

The young man in business sees chances of investment that can be made with a small outlay of cash. With a few hundred dollars he may attain a position that would otherwise require years of patient and hard work.

The young business man should put aside a few dollars each month to provide for such opportunities.
